Leading the way in Catholic education

At Our Lady of the Way Primary, Emu Plains, they pride themselves on being a Catholic school of excellence where every child is nurtured holistically.

Their educational approach ensures that students are

explicit teaching strategies are used across all subjects to ensure that every child reaches their full potential.

Beyond the classroom, Our Lady of the Way understands the importance of fostering a sense of belonging within their school community. They

teachers, and families.

At Our Lady of the Way, they believe that learning extends beyond academics. Their commitment to nurturing well-rounded individuals ensures that their students leave not only with strong foundational knowledge but also with a sense

not only academically challenged but also supported in their social, emotional, and spiritual growth.

Each class has a dedicated teacher, allowing for focused, individualised instruction that meets the unique needs of every learner. Student progress is highly monitored, and

offer a variety of programs in sport and the creative arts, encouraging students to explore their talents and interests. These areas provide students with opportunities to develop teamwork, resilience, and creativity, while also strengthening the relationships between peers,

of community and personal achievement. This holistic approach makes Our Lady of the Way a leader in providing an enriching, supportive educational environment for every student.

To discuss your child's enrolment needs, contact the school office for a tour and enrolment discussion.

The Nepean Christian School difference

Nepean Christian School (NCS) is a rich, diverse, Preschool to Year 12 learning community, where Christian faith permeates all aspects of school life, including how they bring learning to life and in the relationships that they share.

Nepean Christian School is nestled on the banks of Mulgoa Creek and surrounded by Cumberland woodland. It's a haven for students to enjoy a peaceful bushland setting

surrounded by native wild-life. Their heart is to nurture all students, regardless of ability, skill or interest.

At NCS, all students are loved and valued for who they are, not just what they can do.

They believe the relationship between you and your school is pivotal to a child's growth. They are about developing young men and women to enjoy all of God's good gifts; to love learning and to work together to build community.

It's the little things that set

them apart, like knowing every child by name and teachers who get to know students as individuals. It's in the community that's built on cooperation rather than competition. It echoes in the laughter, the friendships and the engagement.

They believe that these things make NCS a place of learning like no other.

To find out more about their learning community, visit the website www.nepean.nsw.edu.au or call the School Office on 4773 9055.

Put your hand up and take a giant leap

STEM and Space education inspires and educates all about the vast and fascinating universe. It covers a wide range of topics, from astronomy to advanced concepts in astrophysics.

One Giant Leap Australia (OGL) is an innovator and leader in STEM and space education, and has significantly enhanced space education for young people globally.

One of the premiere experiences from OGL is a unique adventure to Space Camp USA in Huntsville, Alabama USA.

Space Camp participants can expect to participate in simulated space missions, rocket building, and more.

These activities are designed to teach principles of teamwork and critical thinking, while fostering an appreciation of space exploration.

Space Camp offers programs for various age groups, from children to adults, making it an inclusive experience for all.

Jackie Carpenter has been taking students, parents, teachers and interested

adults on Space Camp USA trips since 2008.

"People transform over the trip, I love witnessing their confidence grow," Carpenter said.

"Students who attended in the past, now adults, still talk about the impact their Space Camp USA trip was."

Participants found their Space Camp trip to have significant and positive influences on their personal and professional development.

"A wonderful experience, you'll meet people you'll talk to for the rest of your life", said one former student of the program.

While another said: "Space Camp was honestly one of the best things I've ever done".

Visit www.onegiantleapaustralia.com to learn more about the tours planned for July 2025 and beyond.

"The experience is life changing", Carpenter said.

Exciting facilities at Bethany Catholic

Bethany Catholic Primary School Glenmore Park is currently undertaking building works to refurbish each of their classrooms to provide wonderful new facilities to enhance learning and well-being for all students.

The project sees the refurbishment of internal classrooms including new joinery, glazed partitions, sliding doors between each classroom, floor finishes, ceiling and wall finishes and associated improvements to each learning space including new furniture and AV equipment.

The Kindergarten, Year 5

and Year 6 classrooms have now been completed.

Year 1 and Year 2 are scheduled to be finished by the end of Term 3.

The Year 3 and 4 classrooms will then be commenced and be ready for students for the commencement of the 2025 school year.

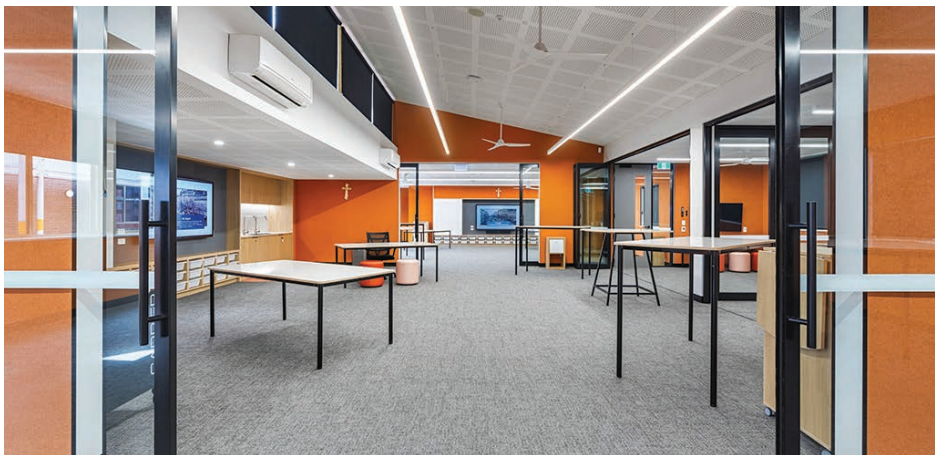

The other exciting news is that the school will be resurfacing its outdoor basketball/netball courts during the Christmas holidays including the replacement of backboards.

This project has been made possible through a NSW Government grant and school funds.

"The refurbishment project at Bethany is an exciting improvement to our learning and play environment," said Principal Serge Rosato.

"The modernised classrooms, equipped with state-of-the-art facilities, will provide beautiful and stimulating learning spaces for our students to thrive academically and socially for years to come."

"We are grateful to the Catholic Education Diocese of Parramatta, KAV Architects and Interior Construction Group (ICG) for their outstanding support and work with this project."

Very exciting times ahead for PAC

Penrith Anglican College provides high quality, affordable, Christian education from Pre-Kindergarten to Year 12.

Located at the foot of the Blue Mountains, in the semi-rural suburb of Orchard Hills, the College is in an exciting time of growth.

Set on 48 acres, there is plenty of space to play, and room for expansion of the College's facilities.

The College has recently begun master planning for the development of new

facilities and landscaping, which will create innovative spaces to allow the College to build on its continued commitment to quality teaching and learning, and building on its strong community.

The College starts with Pre-Kindergarten and goes through to the HSC.

Principal Felicity Grima said: "Through the breadth of curricular options and a diverse range of co-curricular opportunities, together with our experienced and nurturing staff, we teach our students to learn how

to learn, preparing them to excel in their chosen fields and to make a difference for Christ in their communities. Our motto, To serve Christ, is our motivation and we place high importance on our College values: Compassion, Integrity, Courage, Humility and Perseverance."

Families are encouraged to start the enrolment process two years in advance, especially entry years such as Kindergarten and Year 7.

Penrith Anglican College is taking enrolments for 2026 with limited places available for 2025.

Taking Enrolments now for Years 8 - 11 2025
