Claremont Meadows - Agency of the Year

Remax Lifestyle Marketing in Penrith is a franchised office operating within the global network under the Remax banner. More importantly from Remax's perspective we have access to a team of committed individuals but working very much as a team to Market and locate property for you anywhere across the Sydney Metro. We have also developed a system of marketing that seems to get the job done in a way that collectively our Vendors have applauded and that our buyers have been happy with. From an experience viewpoint we can probably claim over 70 years in marketing developing and managing property in this region. From another basis we can claim to have seen a great number of operations in this industry and we are not afraid to say that we have selected the best ideas and then worked on those to arrive at the way we do business now. The priority of the sales & management team is to perform to the highest level of standards to serve, respect and protect our vendors and buyers during their transaction. We look forward to being of a service to our local community. With Remax Lifestyle Marketing rise above the crowd.
