St Doms focuses on its core values

St Dominic's College has a long and proud history, celebrating over 60 years of providing excellence in education by developing a personalised approach to learning, centred on the needs of every student.

An independent Catholic High School for young men from Years 7-12, St Dominic's College is committed to creating an inclusive environment, where providing excellence in education is at the forefront of its learning framework and belief system.

Its staff and students are

dedicated in the commitment to ensuring the College is inclusive by deepening the values of Belonging, Compassion, Discovery and Opportunity, which are articulated in all aspects of College life.

These core values ensure that every member of the College is contributing to their most productive and effective educational experience while they are involved in a range of artistic, sporting, liturgical and pastoral activities.

St Dominic's provides unri-

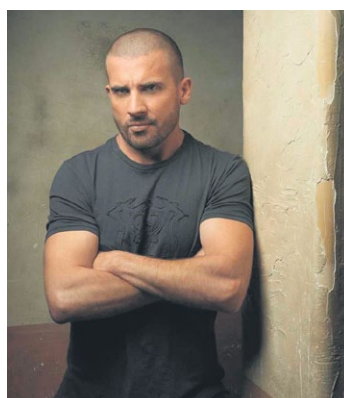

valled opportunities in all aspects of College Life, providing pathways for students to excel and achieve.

St Dominic's College has established a strong community presence, educating and empowering our young men to be advocates for those less fortunate and to become agents for positive change in the world through their Pastoral Care and Social Justice Outreach Programs.

The College provides a liberating education, creating opportunities for all students to be engaged and empowered by learning. The College is committed to diversity and inclusion, advocating justice both in a school context and within the wider community.

Over the past 60 years, St Dominic's has nurtured, supported and celebrated student excellence – evident by their Alumni pedigree.

From Rugby League, Basketball, the Arts and more, St Dominic's College is proud of the contribution made to student success, having laid the foundations to becoming life-long learners.
